A. TANDONI RAO,
Executive Engineer.

TUMKUR DIVISION.

Notification dated 6th February 1935.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 2 P.M. on 6th March 1935, for the construction of buildings for the Electrical Department at Gubbi. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1935.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur between the hours of 11 A.M. and 5 P.M.

3. Tender should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed :-

4. Each tender must be accompanied by a deposit of Rs. 530 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for construction of buildings for the Electrical Department, Gubbi" in default of which tenders will be rejected. Securities other than as above mentioned will not be accepted.

5. The final acceptance of any tender will rest with the Engineer, who does not bind himself except the lowest or any tender or to assign any reason whatever for the rejection of any tender.

Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, earnest money will be forfeited.

The name of the successful competitor, whose tender has been accepted, will be posted on the Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

On acceptance of one of the tenders, the earnest money on rejected tenders will be returned. Rates once tendered will not be enhanced on any account.

Rates for non-tendered and non-estimated items shall be as per schedule rates of the tender or those fixed by the Executive Engineer after working out data with not more than 10% for Contractor's profit.

In all matters not specifically provided for and in all matters of dispute about rates, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

Quotations must be given in words as well as in figures and they must be in specific terms against each item of work. Any quotation quoted at so much percentage less or more than the estimated rate will not be accepted.

13. Transfer of works to third parties by selected contractors will not be accepted by the Department and in case of any such attempt the earnest money is liable to be forfeited at the discretions of the Chief Engineer and the contract is liable to be cancelled.

14. The contractor shall at his own cost :—

- (a) Provide for all tools and labour required in setting out works.
- (b) Provide mortar mill and shed to preserve materials, lime and mortar as required by the Executive Engineer.
- (c) Supply all water required for work at his own cost.

15. The contractor is not entitled to any interest for payments that are delayed in passing and auditing a bill.

16. The monthly progress to be secured shall not be less than Rs. 2,700. The contractor should note that he has studied the specifications and the clauses in the agreement form and that he is prepared to abide by all these conditions.
